EFTPOS in the Second-hand uniform and book shop

The Second-hand uniform and book shop has an EFTPOS machine available for your purchases. There will be a non-refundable 1.25% surcharge applied to all EFTPOS transactions.

What does this mean?

If you spend \$20 there is an additional charge of 25 cents added to your invoice. If you spend \$100 there is an additional charge of \$1.25. Customers can pay with cash or cheque if they prefer.

Why do we have this surcharge?

The bank charges us for every customer that uses the EFTPOS service as well as monthly equipment rental. Unfortunately this adds up to hundreds of dollars each year. As a fundraising charity we cannot carry this cost.

Returns

If you return any of your goods, your refund will be via direct bank deposit. EFTPOS surcharge fee WILL NOT be returned to you, as the shop still pays the fee for the original sale.
